Pakistan has also been aiding and abetting terrorists in the State of J&K by way of providing training to them, smuggling of arms and ammunition, financing terrorist activities as also assisting in infiltration/exfiltration across the borders. Foreign mercenaries are also being inducted to perpetrate acts of terrorism.

Some Pakistani troops have been observed digging trenches at a few places on their side along the IB portion of the border in J&K, opposite to the area on our side where they perceive that fencing is likely to be undertaken by the Indian side. Our Security Forces are taking necessary steps to safeguard India's security.

Pakistan has resorted to unusual and unprovoked firing in some sectors along the IB portion in J&K with a view to stalling activities related to construction of fencing on our side of the border.

Foreign companies permitted to set up industries
